Our year 6 students had a very exciting day participating in the Weetbix Challenge course. IT was a fun day with everyone helping each other out to complete the obstacle course. Some of them even managed to go around 7 times. Well done everyone . You showed resilience and spirit.

One day I brought my hand-ball and showed it to room 5 for show and tell. I shared that my Dad bought it for me. Then I had questions to answer. One of the questions was, "How long do you play with it for?" I said, "Pretty much all the time." The next question asked was where I got it from. I said, "I got it from my sister's Diwali dance programme", I said. My teacher took a photo after the questions. I felt good, because I got to share my favourite toy with my class.

Yesterday at school, I brought something for show and tell. I brought three trophies. One was for being the Most Improved Player and the second trophy was for Player of the Day. The last trophy was for being the Most Improved Player again. I showed it to my class and told them I got it at my prizegiving at Brains Park in Kelston. There were two teams, but there are actually six teams. The first team is called the Jaguars, the second team is called the Cheetahs. I got the trophies on a Saturday in September. My coach Alaina gave me the trophies. I shared that after prizegiving we had a feed to celebrate. When we were done eating I was playing with my friend Island and Luraining. After that we all went home.

In room five, it was show and tell and I brought a fidget spinner to show. It is pink. I only like the colour a little bit, but don't really love the colour pink. Lots of girls in the world love pink. Anyway I still like it, because I really wanted a fidget spinner and finally got one. My dad bought it from the Two Dollar Shop for a present. There were two colours, red and pink. So I guess I would have to buy the pink one, because I don't like red. I let my classmates hold it, feel it and spin it. They also asked me some questions. Teegan asked, "Where do you put it before you go to bed?" I felt happy when I got it. Also I have forgotten to tell you this... I play with it before I go to sleep or bed.

## My Show and Tell

A few weeks ago, I shared my show and tell. I brought my snuggly, called Leppey. Everyone wanted to feel him. I said, "You can, but you have to wash your hands first." So they did. I let my friends touch it two times. I had to keep it in my bag, so I wouldn't lose it. I felt happy to share Leppey, because I love him so

Two weeks ago it was my turn for show and tell. I brought Roblox characters to show and share about it. One of the characters was blue and is a knight. The other one is clear and a skeleton that has invisible legs. I bought them at Toyworld, a place where all the kids love to go shopping. I even let my classmates have a feel of these characters. I was so happy at the end to get the time to share.
