Thank you all for sending in the empty plastic bottles for our ENVIRO group - we have enough now to get the group started on bottling up the worm tea.

If you have time, have a look at the new mural painted on the side of the water tank by the hall. It looks amazing. A huge thanks to Janell and Melissa for your work on this.

Teachers are setting up classrooms and starting to plan for our term trips. It's all part of our curriculum and our students really enjoy the experiences. The senior school is off to MOTAT on Friday for a Science Show.

We have the privilege of hosting our Japanese students again this year. Currently we have an energetic group of young women from one of the Japanese Universities. They are all training to be Early Childhood Teachers. They spend time with our students in the playground and occasionally in class to learn about our culture and improve their English. We always enjoy having them here as it enriches our lives as well as theirs.

Margaret Samson (Principal)

Don't Get Left Behind This Year!

Download our Skool Loop app to keep up to date with school information. Notices, newsletters, absentee notifications and much more.

Downloading the Skool Loop app - a step by step guide

Once you have downloaded the Skool Loop App, via either your Google Play or App store, please follow the below instructions to select your school -

- Open the Skool Loop App - you will land on a welcome page.
- Click the 'Select your schools' this will bring you to a menu you can either search your school or follow the country/region prompts.
- Once you reach your school, select it with the tick on the righthand side.
- Tap the 'select schools' button in the top right corner.
- Tap the big orange choose button. This will load your school and bring you to the settings page.
- Subscribe to the groups that are relevant to you, then click the 'go back' button on your phone, which will bring you to the main screen of your schools app.

Last Wednesday my class made CUPCAKES! We all had groups, my group had Zia, Will, Zack, and Athu. To make the cupcakes we used eggs, butter, sugar, milk, vanilla, and flour, then we used a cake mixer to make the batter. After we made our batter, we put wrappers into the moulds then our teacher took our cupcakes to an oven to bake.

By Alyssa

Last Wednesday we baked cupcakes. First, we cracked two eggs then we put the eggs in the blender. Then we added sugar in the blender. Then we added butter in the blender. Then we got another bowl for the flour. We put the flour into the blender. We put the wrappers in the tray and put the cupcakes into the oven then the bell rang for lunch. When lunch was over the cupcakes were nearly done and the last thing was icing and sprinkles. While the cupcakes were in the oven, we made a basket for our cupcakes. When we finished, we ate one cupcake, and the other was for someone else. The cupcake tasted amazing.

By Shaurya

Last Wednesday we made cupcakes. First, we hand sanitised our hands then we went to Melissa. The kids in my group was Marlee, Chetan, Milly, Shaurya, and Ciara. Me and Marlee did the first ingredient it was eggs. So, we cracked the eggs. The next ingredient was sugar, Milly did it. We put both of them in the cake mixer. Then Chetan mixed the baking powder and flour together. While Chetan was mixing Shaurya was putting the cupcake wrappers in the cupcake tray. Then Ciara cut up a stick of butter and Marlee put the butter in. Then I put the milk in, and Shaurya put the vanilla in. And we mixed it one more time. On the last block Ms. Defire and Melissa made the frosting. Before home time we tried it. I loved it. The frosting was yummy because it had sprinkles on it. When the bell rang, I waited for my brother. When he was with me, I gave him my other cupcake.
